The Anderson Cup 2025

The Warren Junior Football Club (WJFC) was founded in July 2001 by Tony Anderson and a small group of other parents who had a vision to create a safe space for children to enjoy football. As the founding group they believed that both children and adults flourished best in an ordered and safe environment in which everyone knew what was expected of them. Thanks to Tony the Warren JFC was born along with its ethos which is as strong today as it was in 2001. Tony set out that the club would be free from any form of harassment, intimidation, bullying, victimisation, or discrimination.

All members of our Club and those who we visit or visit us are treated openly and fairly with dignity and respect. Tony laid the foundations for the WJFC to be run in an honest and transparent manner. Our emphasis on inclusivity and community is as a direct result of Tony's vision 22 years ago.

The WJFC's goals were and still are for children to learn the skills of football in a fun and enjoyable environment and develop and understand the values of team spirit, correct attitude, and good sportsmanship above the need to win. Today we still aim to provide an environment in which children can develop self-discipline and self-esteem in an atmosphere of mutual respect and encouragement. Tony remained loyal to the club long after his own son moved through the age groups into senior football. He served as Club Chairman for many many years before stepping down at the end of the 2021 season.

Tony did not seek acknowledgement for his efforts. We as the new committee however are incredibly grateful to Tony's many years of service to our club and have introduced the 'Anderson Cup' in his honour. The past two years have been a huge success, so we are back for the 3rd year – we hope everyone has a great day.

Thank you to our referees
